

Airmanship & Professionalism (*Restricted to ATP CFIs & ASU Aviation Students ONLY*)

Airmanship & Professionalism: every pilots knows what Airmanship is, but few can really describe it, let alone intentionally teach to it. This FAAST meeting will present a framework for pilot instructors and students to better examine their own strengths and weaknesses regarding airmanship development, for not only today but for their flying career. Specific discussions and mishap case studies will focus on pilot decision-making in the context of airmanship.

Directions: ASU Polytechnic Campus.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
